Additional data available for purchase @ \$9.99 per Gig	YES	YES	YES	NO

Once you go over your data amount you are SOFT CAPED and your speeds reduce to between 1-5Mbps depending on the amount of traffic at any given time. This applies to all packages except Freedom. If you go over your data amount on Freedom you are HARD CAPED and your speeds are reduced to dial-up speed. Speeds are resumed on your data reset day each month.

### \* How does Late Night Free Zone work?

- 100% FREE data usage from 3 a.m. - 6 a.m. every night (per your local time zone).
- Both DOWNLOAD and UPLOAD usage are free.
- Speeds restored each night. If you have already used up your Data Allowance for the month, you can still use the Late Night Free Zone at the normal speed.
